## The Med Pass Rush: Common Medication Errors and Prevention Practices

**Audio Conference  
RECORDING ORDER**

How does your staff assure accuracy, timeliness and assure adequate monitoring and assessment takes place? Medication errors happen everywhere, SNF, community based ALF's, and home. This webinar will cover the common errors made on medication pass in the SNF and ALF settings and how to continue to work towards the prevention of medication error events in an open review of the most common errors that occur in the long term care setting. Discuss medication pass processes from cart set up, infection control, to final documentation of outcomes.

**Objectives:**

- Identify the most common medication errors;
- Understand an overview of the medication pass survey and inspection process;
- Utilization of the Quality Assurance process to identify potential errors events before they occur.
